EXPLOSION MANGLES FIFTEEN PEOPLE

Jellico, Tenn., Wrecked bv Exploding Dynamite.

BUSINESS SECTION DEMOLISHED

Car Loaded with Dynamite, In Louisville and Nashville Railroad Yards, Exploded Entirely Destroying Vast Amount of Property.

Knoxville, Sept. 22.—A special to the Sentinel from Jellico, Tenn., says: Friday morning at 8 o'clock a car loaded with dynamite exploded in the Louisville and Nashville railroad yard about 100 yards north of the depot. As a result almost the entire business section of the town is totally wrecked, at least 15 people are thought to be dead and from fifty to seventy-five are more or less seriously injured.

Some of the wounded will probably die. The bodies of many of the dead are buried in the debris, and at this hour (8:30 a. m.) it is impossible to estimate the extent of the fatalities to give names of all those losing their lives. One of the known dead is Thomas Atkins, aged 30, a telephone lineman, employed by the East Tennessee Telephone company.

Every warehouse along the Louisville and Nashville railroad is totally destroyed. Every store in the town is either blown to pieces or damaged to such an extent that it is a ruin.

The site of the explosion is marked by a hole in the earth, fully 20 feet deep and about 30 feet in diameter.

The entire floor of the Carmarthen Inn, a large brick hotel structure, was blown off. It is believed that no prominent persons are included in the list of the dead.

A special train has been sent north over the Louisville and Nashville to Williamsburg, Ky., for physicians.

An early morning train over the Southern railroad from Knoxville will also bring physicians to attend the wounded.

The calamity is the most terrific known in this section, save the Fraterville mine disaster in 1902.

Texas Woman Candidate for Congress.

Chicago, Sept. 22.—A dispatch to a morning paper from Fort Worth, Tex., says that Laura B. Payne, of Fort Worth, in accepting yesterday the nomination on the socialist ticket for congress in this district, comes out strongly for government ownership of railroads and goes a step further than Mr. Bryan in advocating government ownership of all packing houses. Miss Payne is the first woman to run for congress in Texas, and says she will push her campaign vigorously. When asked what she would do if elected, she replied: "The first thing I would do would be to accuse the grafters in congress of their wrong doings, and arouse the public of the entire country to oust the rogues from the national legislature."

Body Found by Tug on River.

Palatka, Fla., Sept. 22.—The propeller wheel of the tug "Homer," while moving along the river here near the big mills of the Wilson Cypress company, brought to the surface of the water the body of a white man by the name of J. T. Davis, a stranger here. He had been at work for a few days at the Cypress mills and was seen on Monday. It seems that no one had miled him until he was unexpectedly found in the wake of the steamer. It is not known how the drowning happened, nor is it known where he is from.

Hambrick Unlucky Man.

Macon, Ga., Sept. 22.—Lon Hambrick, a white man, was brough to the city hospital with one of his hands badly mutilated. He had injured it while working with a machine at the Central City Ice works. In the respect of personal injuries Hambrick is a most unlucky man. Some few months ago he was shot in the ankle then and was forced to stay in bed for months. This wound was scarcely healed before the other misfortune came his way. Hambrick was for merly in the United States army.

BOAT CAPSIZES; SIX DROWNED

Wireless from the United States Cruiser Tells of Schooner's Loss

Washington, Sept. 22—The capsizing of the American schooner Twilight and the loss of six of her crew in the recent storm off the Carolina coast, is announced in the following message, dated Thursday, received at the navy department by wireless via St. Augustine, from the cruiser Minneapolis, on her way to Cuba:

"The Minneapolis, 50 miles east of Charleston, at midnight, picked up a man at sea floating on a plank. Two men heard his voice alongside at 11 o'clock. Stopped the ship and turned on the searchlights and lowered a life boat. The man's name was James Olsen, and he belonged to the schooner Twilight which had capsized at 6 o'clock on the morning of Sept. 17. There were seven in the crew. We remained in the vicinity using searchlights until daylight, but saw no sign of the wreck or any survivors. Signed Fiske, commander."

The Twilight, Captain Feddersen, was of 357 tonnage and her home port was Wilmington, Del. She sailed from Charleston, S. C., Sept. 11, for Philadelphia. She was built at East Haven, Conn., in 1874.

Crowd Failed to See Alexander.

Augusta, Ga., Sept. 22—Thomas W. Alexander, the alleged defaulter, under guard of Lieutenant William Collins, reached Augusta Thursday. People, who awaited Alexander's arrival at the depot, were disappointed by the fact that the officer left the train at a point about 2 miles from the station, and drove to the office of Sheriff Clark, where Alexander was taken in by the back door. His counsel were awaiting him and immediately bond was fixed in th esum of $5,000. Alexander was driven to his residence in the fashionable section of the city and has remained there in seclusion all day, declining all callers. A hearing will be had, it is understood, in a few weeks.

Law Is of Wide Scope.

Washington, Sept. 22—When President Roosevelt issued his order some time ago regarding the observation of the eight hour law, the orders came to the war and navy departments, but were not directed to the other departments. It is understood that the order issued Wednesday is meant to meet conditions that have arisen in other departments, notably the interior department, which has charge of reclamation work in the arid land regions of the west. Complaint was made that the eight hour law was not being observed on their work. The public buildings erected under the treasury department are also public works where the eight hour law must be enforced.

Sugar Companies Combine.

New York, Sept. 22.—The formation of the Cuban-American Sugar company which was incorporated in Trenton, N. J., yesterday, five of the largest sugar companies in the Cuban field have been consolidated under one head. The concerns which constitute the new company are the Chaparra, the Tinguare, the Neuva Louisa, the Unidad and the Managua with offices at 111 Wall street. The capital stock consists of $12,000,000. During the year these five companies handle eleven million tons of sugar cane, which represent 100,000 tons of raw sugar, about one-tenth of the entire crop of Cuba.

Jews Secure an Injunction.

Oklahoma City, Okla., Sept. 22.—Because of certain alleged remarks bearing on the Orthodox Hebrew religion, the Orthodox Jewish congregation here secured an injunction to restrain Samuel Goldstein, a pawnbroker, from attending the synagogue. The papers were served by the sheriff, but Goldstein ignored them and attended the service. No attempt was made to eject him from the meeting and it has been decided whether the congregation will request the arraignment of the member for contempt of court.

General Hill, Confederate, Dead.

Richmond, Va., Sept. 22.—General James C. Hill, a distinguished confederate officer and the first railroad commissioner of Virginia, died at his home in Scottsville Friday, aged seventy-six.

WHITE WOMAN IS ASSAULTED BY NEGRO

Governoror Ordered Troops to Rescue Negro From Mob.

AN ARMY COAT AMONG EFFECTS.

Another Negro Saw Him Thursday Near Kimmel House—She Will See Him Sometime During the Day and Grand Jury Summoned to Meet.

Atlanta, Sept. 22.—Charley Clayton, the negro whom Sheriff Nelms and others brought into town Thursday night from Ft. McPherson, after Governor Terrell, at the sheriff's request, had ordered out the militia, is believed to be the man who Thursday afternoon attempted criminal assault upon Mrs. Knowis Ethelen Kimmel, at her home on Oakland avenue, Oakland City.

At the farm of Frank Hughes, near Oakland City, where Clayton was employed, County Policeman Wright Friday found a fatigue army coat, a pair of blue overalls and a bloody handkerchief among the negro's effects. These clothes, except in minor details, were those Mrs. Kimmel says her assailant wore. Another negro identifie him as the man he saw near the Kimmel house Thursday morning.

It now remains only for Mrs. Kimmel to see the negro.

The capture of Clayton recalls in many respects that of the negro assailant of Mrs. George W. Moore, of Brookwood, whom a mob almost lynched before Sheriff Nelms appeared with his deputies.

At midnight Thursday Governor Terrell was summoned from the Bryan banquet at the Piedmont hotel by Sheriff Nelms. The sheriff said that a mob at Ft. McPherson was about to lynch a negro. The governor immediately ordered out three companies of militia—companies K, B and I.

Sheriff Nelms then jumped into the automobile of Renfroe Jackson and with Mr. Jackson and others drove at a high speed to Ft. McPherson. At Oakland City several men who had gathered halted the machine and demanded to know its errand. Satisfied, they allowed the auto to proceed.

The negro was then inside the fort as he had been captured earlier in the night by an armed party of men near the Standard Oil plant, but had been slipped from them by County Policeman Wright and Marshal Ryan, of Oakland City, who took him into the fort for safekeeping. The mob fired seven shots, but hurt no one.

The negro was readily surrendered by olonel Van Orsdale to Sheriff Nelms, and he was made to lie down in the machine. Although a mob shouted to the sheriff at Oakland City, the machine did not stop. It brought Clayton on to the Tower, where he now awaits identification. The militia was sent to the Tower also.

The negro gave his name as Charley Clayton, and declared he was employed on the farm of Frank Hughes, near Oakland City. He is of medium build and very black, answering the description given by Mrs. Kimmel.

He did not wear the clothes when caught that Mrs. Kimmel said her assailant wore, but at the negro's house Friday morning Officer Wright found a fatigue uniform coat and a pair of blue overalls. The latter might easily have been mistaken for army trousers by Mrs. Kimmel. Officer Wright also found a bloody handkerchief.

People on the Hughes place say that Clayton was away all day Thursday, but returned about 6 o'clock in the afternoon and changed his clothes.

Ola Henderson, a negro living near by, said Thursday that he had seen a negro that morning near the Kimmel house who answered the description of the assailant. He was arrested and put in the calaboose at Oakland City to be held there as a witness. A mob gathered, however, and thinking that Henderson was a suspect, threatened to take him from the calaboose.

He was sent in to the police station for safekeeping. Friday morning he was taken to the jail, and when he saw Clayton declared without hesitation that he was the same man he had seen Thursday morning.

Luther Frazier, a young negro, was bound over Friday morning by Recorder Broyles for assault with criminal intent on Miss Orrie Bryan, a daughter of Thomas L. Bryan, of 232 Courtland street.

Judge Broyles bound the negro over without bail, and he will be held in the Tower awaiting trial.

Thursday night, while the father was away from home, Frazier entered the home of the Bryans and, brandishing a heavy shoe made an attack on Miss Bryan. She ran into a closet, and locked the door, thus saving herself, while her mother and the other children fled from the house. The negro was later caught in an alley back of the house and sent to police headquarters. The young lady and her father both appeared in court Friday morning and Judge Broyles was only a few minutes in binding the negro over.

Judge J. T. Pendleton, of the superior court, Friday morning issued a call for the Fulton county grand jury to convene Monday morning to consider the cases of the negroes confined in the Tower.

Left the Mill and Were Fired.

Moultrie, Ga., Sept. 22—The Sumner & Pounds Lumber company, near Moultrie, one of the largest mills of this section, was closed down as a result of recent labor troubles. The men went on strike, closing the mill for the day, the strike resulting from the sawyer, W. R. Gammage, putting a negro in his place while he stepped out of the mill for a short time. The mill is operated largely by white men and there has been some feeling between the whites and the blacks before Gammage was discharged and the men returned to work, but the management was displeased and the strikers were settled with and discharged.

Bryan's Train Delayed.

Birmingham, Ala., Sept. 22—A special to the News from Anniston says that a freight wreck at Iron City delayed the train on which W. J. Bryan was traveling from Atlanta to Birmingham, two hours, and Mr. Bryan made a speech to the crowd which gathered about his car. He also made a short speech at Anniston, where the large crowd, which had grown tired of waiting for him, had dwindled to a few hundred. Mr. Bryan was so hoarse that he could scarcely be heard. He was met at Anniston by a special citizens committee from Birmingham, who escorted him to that city.

Believed He Had a Right To Kill.

Meridian, Miss., Sept. 22.—That the negro members of the Woodmen of America believed they had a right to murder any non-member with impunity was brought out at the Jasper county grand jury investigation of charges against Baldbridge Barnett, negro, for assassinating Oscar Keeler, a young white boy, some time ago. Barnett is said to have made numerous threats against the youth, as well as other white people. He was a member of the new secret order.

Clearing Away Debris.

Hong Kong, Sept. 22.—Practically all the Baluchistan troops and 300 of the west division, are cooperating in clearing away the traces of the recent typhoon. Prodigious efforts are being made to recover the dead which are being carried off in cart loads. Many scavengers are being overcome by the terrible stench arising from the putrid remains. Councilman Monday, who was overseeing the work, has collapsed and has been taken to a hospital.

Five Killed by Explosion.

Winnipeg, Manitoba, Sept. 22.—Word has been received here of a dynamite explosion which occurred on the right of way of the Grand Trunk railway near Finmark in which five persons were killed and six others injured, one fatally. Foreman C. H. Hilton had an arm blown off.

Raisuli Seriously Ill.

Paris, Sept. 22.—A special from Tangier says that Raisuli, the noted bandit chief, is seriously ill. He is believed to have been poisoned by an agent of the Meghsen, or foreign board.

CUBAN REBELS FIRE ON BLUEJACKETS

Were Garrisoning the Soledad Estate.

REBELS ARE PUT TO FLIGHT

The United States Battleship Louisiana and Virginia and the Cruisers Cleveland and Tacoma Have Arrived at Havana.

Havana, Sept. 22. La Discussion publishes a dispatch from Cienfuegos saying that Bluejackets from the American gunboat Marietta, who are garrisoning the Soledad estate, have been fired on by rebels. The rebels fled after the Americans returned the fire.

The United States battleships Louisiana and Virginia and the cruisers Cleveland and Tacoma, arrived here Friday morning.

A crisis in the attempts of the American mediators to settle the Cuban quarrel, appears to be approaching.

Washington, Sept. 22. The navy department Friday received a dispatch from Commander Fullam, of the Marietta, Cienfuegos, saying 225 marines had been landed there from the cruiser Dixie, which had sailed thereafter for her original station at Monte Christi, Santo Domingo. The Cleveland, which arrived at Havana this morning, has been ordered to proceed at once from that place to Cienfuegos, to take the place of the Dixie.

When she arrives there, Commander Newton, of the Cleveland, by reason of superior rank, will succeed Fullam, of the Marietta, in charge of the naval forces.

Captain Albert R. Carden commanding the battleship Louisiana, which also arrived at Havana this morning, is now in command of all the naval forces at that point by reason of his seniority. It is expected that the battleship New Jersey will arrive very soon at Havana. Major General Leonard Wood, commanding at Manila, cabled the military secretary today that the transport Logan with the Twenty-first infantry, six hundred and thirteen enlisted men, sailed from Manila to San Francisco yesterday. These troops were ordered home some time ago to replace the troops at western posts, which had been ordered east, and naturally would be first called upon for Cuban service in case of need.

Brigadier General Funston was in further conference today with General Bell, chief of staff, respecting the situation in Cuba.

Life Sentence Is Given Hawkins.

Gainesville, Ga., Sept. 22—Judge Kimsey passed a sentence of life imprisonment on Fred Hawkins, convicted of killing Henry Cagle. This was the closing feature of the special term of Hall superior court. As a motion for new trial was made, this case will come up again at the regular January term. Not in a long time has a trial for life been watched with so much interest. People from every section of the county crowded the court room throughout the entire week although there was no demonstration made when the verdict was read.

Rough Diamonds Found in Arkansas.

Little Rock, Ark., Sept. 22—A Nashville, Ark., dispatch says that it has been declared to be rough diamonds has been found in Pike county, Arkansas, in a vicinity where old lava pumice and other evidences of a volcanic eruption were declared to exist, by a state geologist, some years ago. It is stated that the stones found were declared by a New York expert to be diamonds of a fine grade. A local company has been organized to prospect the field.

Will Fight Murphy and Hearst.

New York, Sept. 22—Mayor George B. McClellan has announced that he will attend the Democratic state convention at Buffalo next Tuesday. It is understood that Major McClellan will go to Buffalo to lead the fight against Charles F. Murphy and William R. Hearst in behalf of District Attorney Jerome.

MEETING OF HOSPITAL ASSOCIATION

Officers Elected For Ensuing Year. Other Business Transacted.

WILL HAVE A NEW HOME

Association is Now Occupying the National Odd Fellows' Home, But Will Soon Erect Upon Its Own Premises a Magnificent Structure.

The Gainesville and Alachua County Hospital Association held a meeting in the City Council chamber on Friday night for the purpose of electing officers for the ensuing year, and for the transaction of regular business.

Meeting was called to order by Col. H. F. Dutton, president. Minutes of the last meeting read and approved. The report of W. B Higdon and L. J Clyatt, the committee appointed to audit the accounts of the late treasurer, Dr. B. P. Richards (deceased), reported that they had examined the books and accounts and found total receipts to be $1,831.02. Disbursed as per vouchers, $1,010. Balance in bank, $821.02.

Next in order of business was the nomination of officers. President Dutton appointed Rev. Mr. Hay, Col. R. E. Davis and Ferdinand Bayer to make nominations. This committee retired, and in a short time returned with their report, naming for nomination the following: Chas. W. Chase, president; W. W. Hampton, first vice-president; Dr. Andrew Sledd, second vice-president; H. E. Taylor, treasurer; Ferdinand Bayer, secretary.

Board of Trustees—B. F. Hampton, chairman; Col. H. F. Dutton, Phillip Miller, Chas. A. Colclough, Rev. Thos. P. Hay, F. P. Bullock, Geo. W. Hyde, C. C. Pedrick, Sam J. Burnett, J. B. Padgett, Robt. E. Davis, A. E. Taylor.

Executive Committee—B. F. Hampton, Rev. Thos P. Hay, H. E. Taylor, Ferdinand Bayer, J. S. Bodiford, Christopher Matheson.

The old building committee was discharged, and a new committee consisting of W. B. Taylor, W. B. Higdon and Rev. Thos. P. Hay were appointed and directed to examine the plans suggested by the County Medical Society, and to report at the next regular meeting.

There being no further business, meeting adjourned to meet on Friday, October 5th, 1906.

As is well known, this association is now operating the National Odd Fellows' Sanitarium in this city (better known as the Odd Fellows' Home) as a hospital, and have several of the best graduate nurses employed, under the direction of Mrs. Broughton, who is the matron or head nurse in charge. The physicians of this city are members of this association, and are in full sympathy with the same, and Gainesville and Alachua county feels proud of this institution.

The association owns one of the most desirable building lots in this city, upon which it is proposed at an early day to erect one of the most modern hospital buildings in the State.

IN THE MAYOR'S COURT.

William Bell and Wife Arraigned For Fighting—An Interesting Case.

It's a mighty hard proposition for a lady to go out and buy her own dinner to save time, when she is working for the interest and partial support of her husband, then come in a hurry to give the old man a pleasant and affectionate kiss before returning to work, to get a frying pan dented all over her head—but such seems to have been the fate of Ida Bell, wife of William Bell, Thursday at noon, when Ida came from her table d'hote lunch at some of the high-toned colored restaurants, where you are not permitted to sit down unless your pocket is good for fifteen cents.

William and Ida, it appears, are working at the Dutton gin. William is a hard worker, and so is Ida; but Ida happens to be possessed of a better or keener appetite than William, and she had ascertained the location of a restaurant where she could buy a large portion of mullet and bread for 15 cents, which would appease her appetite and get her off to work quicker by several minutes than it would require to prepare dinner at home, to say nothing of being compelled to sweat over the hot stove.

Ida told her husband that it was cheaper to go to the restaurant and eat. William did not believe it, and swore by all that was good and holy that he loved his family meal at home. Ida swore likewise that she wouldn't stand for it at this hot season, and at the noon hour they separated.

Ida filled up with good, fat mullet, while William proceeded to his home to cook his own dinner. After her meal the good lady went by to see how her husband was coming on. She expected to be greeted with an affectionate kiss, but witnesses declare that he met his wife with a frying pan, with which he proceeded to "bat" her over the head until she hollered.

Bell and the wife were arrested, and in the mayor's court Friday morning were arraigned upon a charge of fighting.

After hearing the evidence in the case, Bell was fined $2.50 and costs, and his wife, who got the frying pan, was let off with the costs.

RAMSEY WILL DO WORK.

Will Show the World What Alachua County Has in Hard Woods.

P. G. Ramsey of Wacahoota was trading in the city Saturday. Mr. Ramsey, who is one of the most progressive residents in his section, has been appointed by the Board of County Commissioners, of which he is an erstwhile member, to secure the exhibit of hard wood for the State Fair. Never shrinking from a duty, his neighbor and countrymen, he has assured Commissioner Pedrick that he will use every endeavor to secure an exhibit that will be a credit to himself and his county.

Let a few more citizens come to the front and help the Alachua county exhibit out in other branches.

WHAT FREE LIFE INSURANCE DOES FOR CLUB MEMBERS.

Macon, Ga., Sept. 18, 1906.

Ludden & Bates' S. M. H.,
Savannah, Ga.

Gentlemen—On being informed of the death of my husband on the 14th inst. your manager here today handed me receipt for $150, same being amount of unpaid balance on the Ludden & Bates Club Piano No. 9100, bought of you August 29, 1905.

We had paid $137 on this piano, which, with the above receipt, completes the purchase price of $287, and our indebtedness to you is now cancelled.

I wish to express my deep appreciation of your action in this matter, and am glad we decided to purchase a Ludden & Bates Club Piano, particularly on account of the Free Life Insurance feature.

Wishing you every success, I remain
Very truly yours,

FAMINE GRIPS RUSSIAN EMPIRE

Short Spring Wheat Crop Is One of the Causes.

St. Petersburg, Sept. 22—The official report, just issued, gives but little ground for expectation that the famine, which has already a grip on many provinces in Russia will be less this winter. Although the winter wheat harvest was generally above the average, spring wheat proved a disappointment. The rice and oats crops also were unsatisfactory, especially the latter.

The Volga region, the most fertile in Russia, was below the average in both harvests. The Polish provinces and the Baltics made the best showing, all the harvest being average. The winter wheat harvest was generally above the average and only poor in the Volga region and less than average in the central agricultural belt. Rye was less satisfactory and above the average in Poland and the six southwestern provinces. Spring wheat was below the average throughout Russia.

Oats also made a bad showing and only in nine of the ten Polish provinces came up to the average. Barley was somewhat better, being good in all the Polish provinces and fairly good in the Baltics. The zemstvo coffers are empty through the failure of the peasants to pay taxes, and all the work of relieving the famine falls upon the central government.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

Killed in Auto Wreck.

Cincinnati, Sept. 22.—In the wreck of Charles Schwab's auto at St. Martin de Croix, France, J. G. Schmidlapp, president of the Union Savings and Trust company in this city, was injured and his daughter, Charlotte, killed, according to a cablegram received here by Mrs. Schvmidlapp, who is widely known in financial circles throughout the country, who was touring France with his daughter and Mr. and Mrs. Lee Ault in Mr. Schmidlapp's automobile. Seven years ago Mr. Schmidlapp's wife and another daughter were killed in a railroad accident in this country.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Professor of Practical Theology.

New York, Sept. 22.—A cablegram from Liverpool says that Hugh Black M. A., of Edinburg, is on his way here on the steamer Majestic. Mr. Black comes to New York to assume his duties as first encumbent of the new professorship in practical theology in the Union Teological seminary in this city. This chair was endowed by Morris K. Jessup, president of the New York Chamber of Commerce.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Money Missing, So is Cashier.

Sedan, Kans., Sept. 21—O. B. Stoddard, cashier of the State bank of Sedan, with deposits of $75,000, has disappeared, leaving a note saying he was a defaulter and had fled. The safe is time-locked and the amount of money missing is not known.

OPENING OF UNIVERSITY OF FLORIDA AND THE UNIVERSITY HIGH SCHOOL

Gainesville and Alachua County Will Show Great Supremacy.

FINE EDUCATIONAL ADVANTAGES

The University of Florida, the State's Greatest Institution, Will Throw Open Its Doors in Gainesville for First Time—The High School.

With the opening of the University next Wednesday, Gainesville again becomes the educational center of the State—a proud position she had for nearly half a century maintained till the act of the Legislature abolished the East Florida Seminary. Certainly this month ought to be a red-letter date in the calendar of our city's history. For not only does it mark the beginning of our existence as the University City of Florida, but it inaugurates a new era in the history of our high school. The trustees are to be complimented upon their wisdom, and our people congratulated upon their good fortune in securing Tom F. McBeath as principal of the University High School. Mr. McBeath is recognized throughout the South as one of her leading educators, and in reputation and popularity stands second to no one in Florida. Since notice of his selection has been given to the public, the press of the State has been unstintedly showering congratulations upon our people. His position at the head of our school will give it throughout the State a fame and a prestige that no other influence could give. He was for eight years principal of the Central Grammar School of Jacksonville, and saw the school grow under his administration from an enrollment of four hundred to over eight hundred. His work there was eminently successful—a work which he reluctantly resigned to accept a position tendered him here in the East Florida Seminary three years ago.

The trouble with our school heretofore has been the frequent change in principals. No school can prosper under such conditions. To have power and influence a school must have individuality. This no school can have that changes its principal, and consequently its policy, every year or two. As Mr. McBeath is a citizen of Gainesville and fully identified with the city and its interests, we feel that in him we have promise of a permanent principal who can and will remain with the school and make it in a few years the first high school of the State.

The entire faculty of the school this year is the best to be had—a full list with assignments to grades has been promised us for publication later in the week.

The Sun bespeaks for the principal and faculty the hearty co-operation of the patrons. In matters of discipline the home and the school must work together. Their purposes and interests are identical—the good of the children. Let us all work together to build up here in Gainesville under the shadow of the University a high school that in time shall grow to be the preparatory school for our two State colleges.

The program of exercises upon opening of the University of Florida, which will occur on the 26th inst., will appear in Tuesday's issue of The Sun.

THOMAS-HILLIARD.

Marriage of Well Known Gainesville Young Man to Charming Lady.

A very pretty wedding was celebrated at St. Matthew's Methodist Church at 8 o'clock last evening when Dr. R. Y. H. Thomas and Mrs. Selma O. Hilliard were united in marriage, Rev. Edward F. Ley, pastor of the church, officiating.

Dr. Thomas is one of the rising young physicians of the city and already enjoys a large and lucrative practice. Mrs. Thomas is a sister to Mr. Edward T. Johnson, president of the Peninsula Industrial Insurance Company, and is a young lady very handsome and accomplished, and is esteemed and loved by a large circle of friends. She wore a gown of pearl gray oeolian silk, trimmed with lace and velvet and carried a shower bouquet of bride's roses in her hand.

The church was tastily decorated with palms and ferns and cut flowers, and presented an attractive appearance. Mendelssohn's Wedding March was happily rendered by Mrs. G. U. Solzer, a personal friend of the bride, while the happy couple marched to the chancel, where they were united in holy matrimony.

Among the prominent guests from out of the city were Major and Mrs. Floyd and Mrs. Mary Thomas, mother of the groom, Gainesville, Fla. The presents were numerous and valuable and were from various parts of the State as well as from friends in the city.

Immediately after the beautiful ceremony that made them man and wife, Dr. and Mrs. Thomas, with other members of the bridal party, were driven to 343 East First street, where they will reside in the future and be at home to their friends.—Times-Union, Friday.

THE ALACHUA SCHOOL.

Opened Monday With Flattering Prospects—A Marriage—Notes.

Alachua, Sept. 21.—The Alachua High School opened its doors on the 17th. The enrollment was the largest for any opening day in the history of the school. A goodly number of patrons were present, among whom were two members of the board of trustees and one member of the county school board. The devotional exercises were conducted by Revs. Foster and Tresca, after which the principal made a short address, setting forth the needs of the school, announcing the plans of the present faculty and appealing to the patrons for their hearty co-operation in making this by far the most successful session in the history of the institution. Following this several patrons made short talks, which were very much to the point and very encouraging to the faculty. The students, as a body, expressed themselves as being delighted that school has opened again, and they entered into their studies with an enthusiasm seldom seen in a school of this class.

Miss Ethel Godbey of Waldo is staying with her sister, Mrs. O. M. Futch, and attending the Alachua High School.

Master Isaac Bishop, brother of Dr. Jim Bishop, has come over from Acilla to attend our school.

Miss Daisy Dell and Mr. William Miller Jordan of Birmingham were married at the home of the bride's parents, near Traxler, on the night of the 19th. The home was beautifully decorated with pot plants, cut flowers and evergreens. The bride wore a dainty dress of white china silk and carried a bouquet of bride's roses. The ceremony was performed by the pastor of the High Springs Methodist church. Following this refreshments, consisting of fruits, cakes and cream, were served the guests, after which the bride and groom drove to High Springs, where they boarded the train next day for their future home in Birmingham.

The death of Mr. O. M. Futch, the notice of which has already appeared in The Sun, was a great surprise and shock to the town. He was one of Alachua's most substantial and useful citizens—such a citizen as no town can well afford to lose. He was a splendid type of the sober, industrious and Christian young man. He had a beautiful little home and lived an ideal home life, faithful and loving to his wife and children. Through his industry and business tact he left his little family well provided for. He was a faithful and regular attendant at Sunday school and church and was interested in every good cause. The loss to Alachua is only second to that of his family, to whom the entire community extend their deepest sympathy.

EXAMPLE: Abundant hair plus dandruff microbes, plus a few years, equals baldness.

Baldness Begins Early

"Baldness begins in the young and increases, whether rapidly or slowly, up to the fiftieth year." So says Dr. Sabouraud of Paris, the world's greatest authority upon diseases of the hair and scalp.

Dr. Sabouraud confirms Dr Unna's discovery, that baldness as a contagious disease caused by a microbe. Ask your family physician about these two authorities.

Dr Sabouraud goes further, however, and says this "Baldness is a chronic malady, is a disease not of old age, but of youth; in bald old men we simply see the result of a disease that has been slowly doing its work for many years."

The dandruff microbe is an invisible growth of vegetable character; minute fragments of it are easily passed from one head to the other, through the medium of public hair brushes, towels, etc.

In the hair these fragments are inert until they come in contact with the natural hair oil from the sebaceous glands of the scalp, when they begin to grow and form one colony after another; in a similar manner, dry fragments of yeast cake are inert until they find the proper medium, when they promptly begin to "work."

On the back of the head, most of these fragments of microbic growth fall out of the hair before they find permanent lodgement in the sebaceous glands, and this is one of the reasons why baldness begins and is often confined to the top of the head.

It often takes years to produce dandruff, but after it is well established in the scalp the destruction becomes more and more rapid. The hair becomes dull, brittle and lustreless, but occasionally there is excessive oiliness. Itching of the scalp and falling hair usually follow excessive dandruff, and unless something is done to check the disease, baldness will surely follow.

NEWBRO'S HERPICIDE—the ORIGINAL remedy that "kills the dandruff germ"—will overcome any stage of this malady, except chronic baldness. It acts by destroying the growth that causes the disease, and when this is done, the hair is bound to grow as nature intended.

More men and women get positive results from the use of NEWBRO'S HERPICIDE than from all other hair remedies combined.

It is delightfully refreshing to use, and it stops itching of the scalp almost instantly. Remember that you must destroy the cause to remove the effect. Do not wait for chronic baldness, for it is incurable. THE TIME TO SAVE YOUR HAIR IS WHILE YOU HAVE HAIR TO SAVE.

In Oregon and Washington more than half the area is covered with forests of the first growth. On the shores of Puget Sound the bulk of forest trees stand 250 feet high, while firs have been cut measuring 350 feet in height. The problems involved in felling these trees often cause perplexity. A twenty-four foot log sawed from the lower part of one of the huge firs weighs thirty or forty tons, more than a ton to every linear foot, such is the density of the wood and the great diameters.

More than 11,000,000 pieces of mail went astray in these United States last year because they were not directed well enough for the experts to decipher the names and addresses. Millions of this immense total went to the dead letter office where a lot of it was opened, the addresses of the writers ascertained and the letters or packages returned. But in a good many cases the writer's address is never found and the letter is really "dead" when neither the sender nor the prospective receiver can be discovered. Assistant Postmaster-General DeGraw wants to get people into the habit of writing their own addresses on the outside of the envelope. This, he says, would save trouble for all hands.

In Democratic countries like America and Canada, where the fate of the nation is in the hands of the people, the future of the nation is in the hands of the children. They must be fitted for their high responsibilities by the influences of the home. These countries should fear the disloyalty and contention of the fireside more than the nefarious plots of scheming politicians. If boys wrangle and contend at home, if they cannot discuss with dignity the little questions that arise from daily intercourse with one another, be sure they will not honor the nations when they take their places in the Senate, Parliament or Congress to discuss the great problems that confront the civilization of the twentieth century.

THE UNIVERSITY OF FLORIDA.

With the opening of the University of the State of Florida, which will transpire on Wednesday next, the 26th inst, there will begin a new era in the educational history of Gainesville and Alachua county, and an era which is bound to give this section a significant prominence all over the United States. It will be the beginning of a system of education under the new Buckman law, passed at the last session of the Florida Legislature, and which was framed for the purpose of revolutionizing education in the State of Florida and placing the same on a more thorough, effective and systematic basis.

Gainesville has for years been recognized throughout the State as the educational center of Florida. This recognition was due in a great measure to the existence of the East Florida Seminary, a State institution which has probably accomplished more good in the line for which it was intended than all other State schools combined. The institution was always conducted upon the highest moral and educational lines, and many a successful business and professional man and army officer of today owes his distinction to East Florida Seminary. This excellent institution has furnished to the United States army probably more commissioned officers than any other school of its size in the country, and none have been commissioned who have caused the government to feel ashamed of their discipline or efficiency. Some of the leading and most successful lawyers, doctors and other professional men, as well as merchants and men engaged in every line of business, are graduates of this dear old institution, and they feel proud to admit it.

The passage of the Buckman law abolished all State institutions of learning, which were combined virtually in two—the University of Florida for males, the Woman's College for females.

But the winds of fortune were blowing our way, and after a fair and honorable contest, the University of Florida was voted for Gainesville, and today, almost nearing completion, are two of the handsomest and most modern college buildings in the South, situated on a beautiful plat a convenient distance from the center of the city. The presence of these buildings is evidence of the loyalty of our people to education and learning of our country, and it will not be a great while before the University of Florida will have as students young men from every section of this great country.

The Sun is glad to note the deep interest being manifested by our people, who, regardless of any other differences which may exist, stand together as one when it comes to the University and educational problems.

To millions of people news of the loss by sinking of the Juan Fernandez off the Chilian coast during the recent earthquake, will cause a sense of personal loss, for the island was made famous by Daniel Defoe, the author, as the scene of the romantic story of Robinson Crusoe, a story dear to all readers, both young and old. The story is not wholly a work of fiction, as it was based on the adventures of an English privateersman named Alexander Selkirk, with whom Defoe became acquainted after he had been rescued from his long residence on the island. The story first appeared in The London Post in 1719 as a serial.

On his ninety-fifth birthday a Maine man has signed a pledge to quit chewing tobacco. Somebody must have told him that it had a tendency to shorten life.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Agriculturists are watching with intense interest the development of the process claimed to have been discovered in Norway, of extracting nitrogen from the atmosphere by mechanical and chemical means and utilizing it for the manufacture of nitrate fertilizers—since it will mean unlimited quantities of fertilizing material at low cost. The next important advance will be the devising of a method, which a Massachusetts man is working on, of using water for fuel—that is, of course, decomposing it and applying the oxygen, which forms eight-ninths of its weight, to assist in the processes of combustion.

Did you ever stop to think that when a business man looks for a clerk that he does not hunt for the youth who talks "sassy," uses slang, smokes cigarettes or taps beer kegs? They look for the boy who is neat in appearance, gentlemanly in his actions, clean in his talk and courteous to those whom he meets. Although you may think no one watches you or knows your character it is safe to say that there is not a business man in town but who knows the character of every boy in it. If you wish to become a useful man, it is you and you alone that must accomplish it.

The family is the oldest and most valuable institution on earth. It begins properly with the first offering. In reality there is no family until the husband and wife say to each other: "Two times one are two, and one to carry makes three." And the little third party often brings the husband and wife closer together than anything else could possibly do.

GOV. BROWARD WILL ADDRESS OUR PEOPLE

Will Talk on Several Important Issues, Including Drainage.

A TALK ON PRACTICAL LINES

Will Endeavor to Prove to Voters of Alachua County that Everglades Can be Drained, and that Millions of Acres Will be Secured.

Dr. J. F. McKinstry, Jr., chairman of the Alachua County Democratic Executive Committee, and one of the most widely known politicians in the county, has issued the following order, which he requests to be published:

"Governor N B. Broward has consented to deliver an address to the people of Gainesville and Alachua county upon the drainage question and other public questions. This address will be delivered at the court house in the city of Gainesville on Tuesday evening, September 25, at 8 o'clock. Every elector is urged to be present upon this occasion, and the public generally is invited."

There are many public questions in which the people of Gainesville, Alachua county and the State in general are interested, and it is said that Governor Broward has the key to several—principally to the door which unlocks the principles of drainage of the Everglades. While nobody has said so, it is inferred that his remarks on Tuesday evening will be in connection principally with the drainage question, which has since its introduction been a topic of comment on both sides.

Governor Broward expects to speak in Bronson on Monday night, the 24th. At 11 o'clock on Tuesday, the 25th, he will favor the people of Starke and Bradford county with a talk, coming from Starke to Gainesville. He will speak at 10 o'clock a. m. on the 26th, and at High Springs in the evening of the same date.

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Cranberry Crop Plentiful.

New York, Sept. 22.—Cranberries of which there was a short crop last year, promises to be plentiful this season. Wholesale companies are now paying $1 to $1 50 for 100 quarts against $28 in April for the last of the 1905 crop.

Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes: "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

L. T. COOPER IS IN THE MOUND CITY

Eccentric Millionaire Visiting St. Louis.

GIVES FREELY TO CHARITY

Has Proved a Sensation in Eastern Cities and Was the Subject of Much Newspaper Notoriety—Alleged He Made Deaf Hear Again.

St. Louis, Sept. 22.—L. T. Cooper, the man who has created a sensation throughout the East, and who is rapidly acquiring a national reputation, arrived in St. Louis yesterday.

Cooper is president of the Cooper Medicine Company of Dayton, Ohio, and has made a fortune within the past few years estimated at several millions, by the sale of two preparations, which are claimed to be very unusual, and said to accomplish remarkable results.

Cooper spends his time traveling from city to city introducing these remedies, and in this manner he has acquired the fortune he now possesses.

Cooper is said to be a very remarkable character, and a man with eccentric ideas. One of his beliefs is that a certain part of his income should be devoted to charitable work, and he is said to give thousands of dollars to the poor in each city that he visits.

His charitable work is original, as he is continually devising new methods of making money give the most pleasure and relief possible.

The most remarkable feature of Cooper's work is what is known as his "three-minute removal of deafness." In cities visited by him within the past year he has appeared nightly before large audiences and offered to make anyone hear within less than three minutes, if they would come up on the stage. Reports from Pittsburg, Cincinnati, Detroit, Cleveland and Louisville and other cities seem to indicate that Cooper actually did as he claimed.

Each night he is said to have removed, before thousands of people, causes of deafness in about three minutes' time with one of his preparations. The accounts of his work appeared in all of the leading "dailies" of the East, and people have flocked to him from all parts of the country.

The sale of his preparations is said to reach enormous proportions within a week after Cooper arrives in a city. Whether he will be as successful in St. Louis as elsewhere remains to be seen.

Not Yet Received by Sultan.

Constantinople, Sept. 22.—The fact that the sultan Friday received three other ambassadors, to whom audiences were promised before the recent illness of his majesty, is the reason given for the postponement of the promised audience with John G. Leishman, the American ambassador. It is explained that it would be inadvisable to expose the Sultan to over fatigue.

Grants Extradition Papers.

Trenton, N. J., Sept. 22—Governor Stokes, on Friday, on the application of Governor Deneen, of Illinois, granted papers for the extradition of Paul O. Stessland, who is wanted in Chicago on the charge of looting the Milwaukee Avenue State bank. Stensland is now on his way to America from Tangier.

600 Fishing Junks Lost.

Hong Kong, Sept. 21.—The entire fleet of 600 fishing junks were lost in the typhoon. This increases the mortality to ten thousand persons.

Letter to J. P. Bauknight.

Gainesville, Fla.

Dear Sir: Here's a tale with three or four tails to it.

Professor Irvine has an Academy, Mercersburg, Penn. He paints the floors in summer vacation. It used to take 90 gallons of paint. There were two paint stores there, and he used to buy one year of one, next year of the other 90 gallons year after year.

Now he paints Devoe: 90 gallons; and the difference is a saving of $150 a year.

H C. Fallon was one of those dealers, good man; but he wouldn't take up Devoe; so we turned to the other, J. A. Boyd. But Fallon has found it necessary to get a good paint to compete with Devoe. He got one of the eight honest paints. He has a big hardware store and is doing an excellent hardware business; but Boyd, of course, has the run on paint—he's a little hardware man.

We don't care how little or big a man is, if he wants good paint and is active and sound.

Yours truly,

F. W. Devoe & Co.

NEWS TERSELY TOLD.

The council of army reorganization at Pekin has taken over the management of all the arsenals of the empire hitherto controlled by the respective provincial viceroys. This is a distinct step in the direction of military centralization.

The royal Bavarian mint has been robbed of a sum equal to $62,500 in newly coined ten-mark pieces. The thieves got into the mint by creeping through a dry underground canal, which had been opened for cleaning.

The body of a man believed to be the Bishop of San Paulo of Brazil, who was lost with the steamer Sirio on Hormigas Island, Spain, has been washed upon the coast at Oran, Algeria.

A slight earthquake shock was felt at Remiremont, France, Thursday. It lasted several seconds. There were no casualties, and only slight damage was done.

Eleven buildings were demolished in a tornado which swept Springfield, Minn., doing damage to the amount of $40,000. No lives were lost.

The Turkish commander in chief at Salonki, is reliably informed that Bulgaria is massing a large force in the direction of Palanka.

The Breath of Life.

It's a significent fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

CONTAGIOUS BLOOD POISON
THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER.

HIGH SPRINGS HAPPENINGS.

Matrimonial Fever Struck the Town. Notes of General Interest.

High Springs, Sept. 22.—A very pretty wedding was solemnized in High Springs on Wednesday, the 19th inst. The contracting parties were Mr. L. C. Swann, a machinist in the A. C. L. shops, and Miss Margeret Day, daughter of Mrs. M. Day of this place. The ceremony was performed at 10:30 a. m. in St. Bartholomew's Episcopal Church by Rev. Francis Craighill of Gainesville. There were present only the immediate family of the bride, and a select company of friends. After the ceremony the guests and party were entertained at a 12 o'clock luncheon at the home of the bride's mother. The happy couple left at 2 o'clock for St. Augustine, where they will make their home. The best wishes of many friends accompanied them.

The marriage of Mr. A. J. Aylward and Miss Ailein Davidson was quietly solemnized at the Methodist parsonage on the evening of the 20th inst. Rev. M. H. Outland performed the ceremony in the presence of the relatives of the bride and a small circle of friends. The groom is an expert machinist in the A. C. L. shops, and is very popular in society. The bride is the daughter of Mr. J. Davidson, and is a young lady of many charms. The many friends wish them much happiness.

Mrs. W. N. Gramling and children, who have been spending the summer in Georgia, have returned, and are warmly welcomed.

The Peruchi-Gypzene Theatrical Company are here this week, and are drawing full houses.

The Rebekah lodge celebrated their fifty-seventh anniversary on the 20th inst. by an entertainment consisting of a varied program of music, recitations and select readings, and also refreshments of ice cream and cake.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Will Case Will Be Lenghty.

New York, Sept. 22.—The announcement that Senator Brackett, of Saratoga, would begin a contest of the will of Russell Sage has attracted wide attention and interest. The opinion is expressed among lawyers that the case will be bitter and long drawn out. While Senator Brackett will begin proceedings only on behalf of Edson N. Concreed, the eight-year-old great grand-nephew of Russell Sage, it has become known that many of the other heirs have engaged counsel to watch the proceedings.

$150,000 Fire Loss.

Tacoma, Wash., Sept. 22.—Fire which burned with terrific rapidity destroyed property last night valued approximately at $150,000. As a result one woman is believed to have lost her life, while two men are unaccounted for. The property burned includes the Tacoma Eastern railroad depot and freight warehouse, and four freight cars; the Puyalup avenue bridge, a livery stable building, a saloon, restaurant and three dwelling houses. In the livery stable were over 150 horses, many of them blooded stock. Less than half a dozen escaped. The woman believed to have lost her life is Mrs. Peterson, wife of the restaurant keeper.

CLERK SKIPPED WITH ROLL.

Young Collecting Clerk Disappears when He Is Sent to Express Office.

Columbia, S. C., Sept. 22—Robert C. Brockingham, aged 19, who has been for about two years collecting clerk for the state bank, has disappeared with $2,000 belonging to the bank.

Shortly after the bank was opened for business young Brockingham was given a sealed package containing $2,000, with instructions to ship it by express to one of the bank's customers. Since the moment that he put on his hat and left the bank with the package in his pocket he has not been seen by any of the bank people, nor have the officers, who were informed of the matter after an interval, been able to ascertain what became of him.

Brockingham came here about two years ago from Winnsboro. He belongs to an excellent family, and has prominent connections in this city.

Wife's Skull Was Crushed.

Danville, Va., Sept. 22.—A special from Chatham states that William Nance, a prominent farmer of Pittsylvania county, has been arrested and is in jail at that place charged with the murder of his wife. The details of the crime are brutal and shocking. Nance went to his home in an intoxicated condition, beat his wife with his fists, stamped her in the face and finally ended by striking her a blow with an iron rod which crushed her skull. This occured at night, but it was not known until the next day, about 11 o'clock, when the woman was discovered in a dying condition at her home. She lived but a few minutes after being found. The coroner's jury verdict places the blame for her death upon her husband. He claims that he was so drunk that he did not know what he was doing.

POINTED PARAGRAPHS.

Keep away from people you dislike and don't talk about them.

Put a hog in a parlor and he would break out and wallow in a mudhole.

It becomes necessary occasionally for every man to take punishment. When your time comes don't annoy others with your screams.

Isn't it a fact that the most successful men you know are polite men? Then doesn't it follow that if you hope to succeed you must be polite?

When you hear a man abused behind his back we do not think, "How unpopular other people are!" but "How we all catch it when we are not around!"

Don't worry if you are not good looking. You look all right to your friends. The best looks on earth could not make you look good to your enemies, and those who are not interested in you don't know how you look.—Atchison Globe.

Trade Emblems on Tombstones.

In Scotland it was for a long time usual to place on a man's tombstone the symbols of his trade. Especially was this the case at Dunblane, where, in the burial ground of the abbey, it has been found that of those tombstones which are from 100 to 200 years old about one-fourth are thus marked, the symbols being in low relief. A sugar cane may be seen as showing the grave of a grocer; an ax and saw, with hammer and nails, occur on the grave of a carpenter; an awl and a hammer on that of a shoemaker. There are many other graves similarly marked.—London Answers.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. MONDAY MORNING.

s a Bad Time to Approach a Man on Business?"

Come in and see me Monday morn- and we'll talk it over," said Gass- ay, but Binks replied:

Coulda't you make it Tuesday morn- or Monday afternoon?"

o it was arranged for Tuesday morn- . Binks turned from the telephone me with a smile, saying:

"I'm glad he didn't make it Monday orning. We would never come to a nclusion then. You see," he contin- d, noting my surprise at such a state- ent, "Monday morning is the morning ter Sunday. Never approach a man business on Monday morning.

"I can't explain why it is, but every- an goes to his office on Monday morn- g with a grouch. I suppose it's be- use he's been resting up Sunday Sun- y and sort of hates to tear himself way from it. Anyway, I know it is .

"Take your own case. I've known ou many years, and whenever you eet me Monday morning I notice that ou are yawning, taciturn and un- illing. You had a good Sunday no oubt. Either you rested to beat the and or played golf or did something. nyway, that took your mind off your usiness cares. Then you went to bed ather early, all prepared to get up ear- Monday. When the clock went off ou were miserable about rising, and hen you did get up you were ugly to verybody. It's the same way with all f us. We rest too hard Sundays. In- tead of just relaxing a little we let verything of the week go and fall all o pieces in doing what we call recoup- ng. It's the great American habit.

"That's the reason we have 'blue Mondays.' Some day, I suppose, we'll earn how to rest up over Sunday with- ut completely disorganizing our work or Monday. If we don't I think it would be a good idea to cut Monday ut of the business week and begin on Tuesday."—New York World.

Pain From a Burn Promptly Relieved by Chamberlain's Pain Balm.

A little child of Michael Strauss of Vernon, Conn., was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to Mr. James N. Nichols, a local merchant, for something to stop the pain. Mr. Nichols says: "I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by all druggists.

A Horse Story.

Our Dumb Animals tells a remarkable story about the intelligence of a mare who saved her colt from death by stopping a train on a railroad in Texas. The colt had fallen with its legs through a railroad bridge, and the mother started down the track to meet the coming train. As the train came up she stood on the track whinnying. The train stopped, and then the mare trotted ahead of it as it moved slowly to the bridge. Here the colt was discovered and extricated from its perilous position. The story was vouched for by the engineer, railroad men and passengers in the train.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

AN ORDINANCE

To Amend Section 10 of the Charter Provisions of the City of Gainesville, Florida, the Same Being Contained in Chapter 5497 of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905; and to Provide for the Calling of a Special Election for the Purpose of Submitting Said Ordinance to the Electors Qualified to Vote Thereat.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That Section ten (10) of the charter provisions of the City of Gainesville Florida, as contained in Chapter 5497, of an Act of the Legislature of the State of Florida, entitled: "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved May 9th, 1905, be, and the same is hereby amended to read as follows, viz:

"Sec 10—All ordinances adopted by the City Council and approved by the Mayor, or passed over his veto, shall be printed for distribution or published one time in a newspaper printed in the city, as the City Council shall determine and set forth in the ordinance, such publication or printing being made immediately upon such adoption and approval."

Section 2—The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a Special Election to be held in said city, on the 9th day of October, 1906, to determine whether or not the ordinance to amend Section Ten of the charter provisions of said city as proposed by this ordinance shall be approved by the affirmative vote of a majority of all the electors qualified to vote at said election, or if a majority of all the qualified electors shall not have voted at said election, then by a majority of the votes cast upon said proposition. Said proclamation shall be published for the length of time and in the manner in which proclamations calling the general city elections of said city are published.

Section 3—That this ordinance shall be published in a newspaper printed in said city once each week for eight weeks next preceding said special election. That at said special election said ordinance shall be submitted to the electors qualified to vote at said election for their approval, that each qualified elector shall have an opportunity to vote for or against the approval of said ordinance, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of said ordinance shall vote a paper ballot containing the words: "FOR approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," or, "AGAINST approval of ordinance as proposed amending Section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the adoption of said ordinance as proposed. The said special election shall be held, conducted and the returns thereof canvassed, in all other respects, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Section 4—The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for the same out of the proper fund in the city treasury. The ballots to be used at said special election shall be substantially in the following form, viz:

Official Ballot, Special City Election, City of Gainesville, Florida, 9th day of October, 1906.

Make a cross (X) mark before the word "FOR" or the word "AGAINST" accordingly as you approve or disapprove of the adoption of the ordinance providing for the amendment of section 10 of the charter provisions of said city as therein proposed.

Vote for one:

FOR approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council

AGAINST approval of ordinance as proposed amending section 10 of the charter provisions of said city requiring printing or publishing of ordinances as may be determined by City Council

Section 5—That all ordinances or parts of ordinances in conflict with the provisions of this ordinance be and the same are hereby repealed.

Adopted in open session of the City Council by the affirmative vote of more than two-thirds of all members of said City Council on this 9th day of August, 1906. A. M. CUSHMAN,
President pro tem City Council City of Gainesville, Fla.

Attest:
J. M. DELL, City Clerk.

The above and foregoing ordinance is approved by me this 9th day of August, 1906. G. K. ROGERS,
Acting Mayor of City Gainesville, Fla.

Springfield, Tenn., June 11th, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. E. W. Hall's Great Discovery, A Texas Wonder, concluded to give it a trial, from which I found great relief, and would recommend it to those similarly afflicted. H. H. KIRK.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 529, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Attention is called to the change of advertisement of The S. J. Thomas Company, who are advertising garden seeds, just arrived, and which are guaranteed. This is one of the largest and oldest seed houses in the county.

Allen Haile, a progressive and successful young planter of Alachua who owns one of the most prolific plantations in the county, is in the city on a visit to his wife and baby, who are here for the winter with Mrs. Haile's mother, Mrs. Bell.

As a dressing for sores, bruises and burns Chamberlain's Salve is all that can be desired. It is soothing and healing in its effect. It allays the pain of a burn almost instantly. This salve is also a certain cure for chapped hands and diseases of the skin. For sale by all druggists.

Among the prominent visitors to this city yesterday was Hon. W. S. Jennings, ex-Governor of Florida, who was en route to Citra, where he has the management of the Seminole orange grove, comprising sixty acres. This grove promises a yield the coming season of about 10,000 boxes, and ex-Governor Jennings is naturally proud.

W. A. McCormack and sons, Harvey and Ben, left yesterday for the former's home at Port Inglis. Mr. McCormack and Ben are returning home from a visit to relatives and friends here. Harvey, who is a graduate of Anapolis, has received instruction from the navy department that he has been assigned to the United States cruiser Rhode Island, and is awaiting orders for a long cruise.

J. S. Crown and family of Rocky Point were among those who favored Gainesville with a visit yesterday. Mr. Crown purchased enough supplies from G. S. Merchant & Co. and other grocers to engage in the mercantile business—but he good-naturedly declared with the appetites that went with the truck farmer and his family, the supply would not last long. Mr. Crown is one of the most successful truckers in the county.

THE CHURCHES.

Services at Kavanaugh Methodist and Presbyterian Churches Today.

First Presbyterian Church, Rev. Thos. P. Hay—Morning service at 10:30 o'clock. Sabbath school at 4 o'clock this afternoon. Evening service at 5:15 o'clock. The union service which was to have been held at this church this evening has been postponed until next Sunday, when Dr. Andrew Sledd will conduct the service.

Kavanaugh Methodist Church, Rev. T. J. Nixon—The Sunday school will meet at 9:30 a. m. in charge of Major W. L. Floyd. Preaching at 10:30 a. m.; subject, "Honor the Lord With Thy Substance." Junior League at 3 p. m.; Senior League at 4 p. m.; leaders, Miss Nannie Dickinson and Miss Mamie Hill. Evening service at 7:30 o'clock; subject of sermon, "Faithfulness in Little Duties." In the afternoon at 3 o'clock the pastor will preach at Rocky Point.

The Sun would very much like to report other services, but pastors do not apparently manifest sufficient interest to send their reports in.

Baseball Honors Even.

The ball game between St. Augustine and the Oak Halls on Friday afternoon, which was played on the St. Augustine diamond, resulted in a score of 3 to 1 in favor of the Oak Halls. Up to the ninth inning it was anybody's game, as the Ancient City boys had made one run to a big goose-egg for the Oak Halls. The Oak Halls, however, managed to run in three in the ninth, which made a victory.

The game Saturday resulted in a victory for the Ancient City boys of 4 to 2.

Mrs. C. L. Smith and children leave today for Hernando, where they will be the guests of the former's parents. They will be absent for about six weeks. They expect to visit Mrs. Smith's sister, Mrs. S. B. Collins, at Hague before they return.

Active man wanted to advertise, exhibit goods and manage branch of large mail order house. Salary $18 per week, expenses paid. Permanent position with advancement. Honesty more essential than experience. National Co., 720 Chestnut St., Phila., Pa.

David Ferguson, an industrious young colored man of Alachua, was in the city trading yesterday. He called at The Sun office and renewed his subscription to his father's paper. His father is F. G. Ferguson, a good man who has been a regular subscriber to this paper for several years.

Mr. and Mrs. W. D. Graham passed through the city Friday en route to Ocala from Asheville, N. C., where they have been for the past few months. Mr. Graham was for a long time route agent of the Southern Express Company with headquarters in Ocala, but was transferred to the Asheville district. He has resigned his position, however, and will engage in the abstract business with his brother, J. M. Graham, at Ocala.
